The high sign

"The high sign is a website which is something worth checking out. It is written by my best friend, Lizz Penn, who is really smart. She writes about films, and sometimes believes that she is above the law."

"Numbers: Beware of 9's and 6's. They are not to be trusted. I am convinced that this is why I don't write them well. 8 is the best, but you probably know that already. Nobody really cares about 2. 3 is pretty good. 1, 3, 5 are all good eggs. 4 is one of my favorites too, even though I don't write it very well. 7's are good when you put that little slash through it."
